

PlastoMer

TruckParts

PlastoMer Sweden AB is a family-owned company located in Västervik on the Swedish east coast

PlastoMer has manufactured its own products since 1982. We are a reliable company with focus on our customer's needs and demands. We are well established and known on the European market and have a sister company in Norway.

Our main product – truck and trailer mud flaps with customized logotypes – has been developed and expanded with other products well known in the trucking industry.

We offer several manufacturing methods

- Injection molding
- Extrusion calendaring
- Customized printing
- Pre-mounting of parts for bodybuilders
- Ultrasonic welding
- Punching
- Storage

We have capacity for small and large series.

Maybe we have something to offer you?
Welcome to send your inquiry!

RENSI SPRAY

PlastoMer has two models of spray suppression mud flaps marketed under the name Rensi spray.

Rensi spray mud flap has been developed with focus on the simplicity for the body builders as well as for the end-user.

Alternative 1. A two-piece system with a mudguard insert and a mud flap. The mud flap can be mounted in commonly known P-profiles.

Alternative 2. A one-piece mud flap to be screwed/ fastened inside the mudguard.

This way we can meet different market needs.

EC-type approval - Scan QR-code to our website!

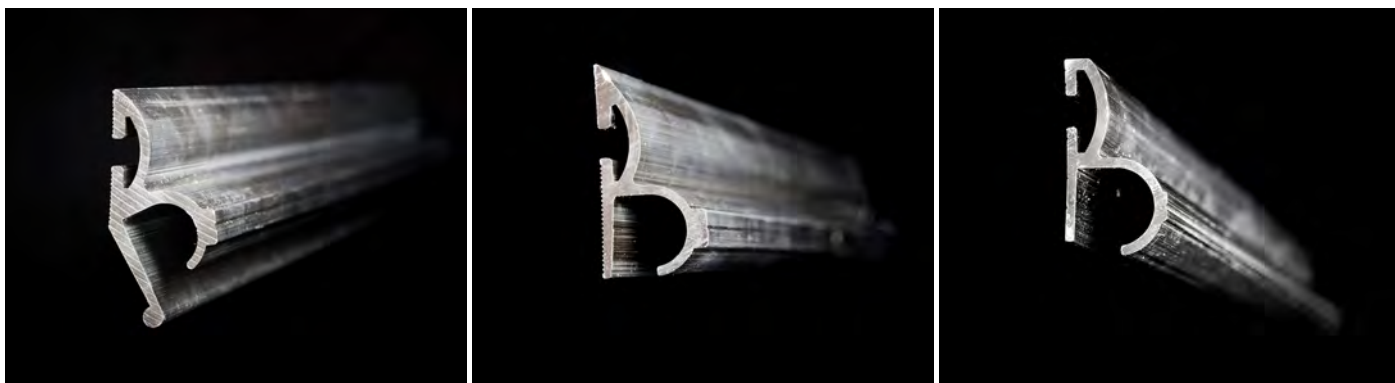

ANTI SPRAY VALANCE

Anti-spray valances completes our rensi spray assortment and are approved according to the EC-directive. The valances are mounted with included H-profiles. In that way you build them to fit the requested mud guard length. PlastoMer anti-spray valance fits both tandem and tridem mud guards. Also available customized upon your request.

ALUMINIUM HOLDERS FOR MUD FLAP WITH P-PROFILE
